**March 2022**

This catalog supercedes all previous catalogs and reflects the current pricing on our website.

Enchanted Gardens strives to keep our prices as low as possible so that our customers can continue to enjoy growing African violets, gesneriads, and other plants. Unfortunately, we have experienced an increase in supplier, shipping, and operation costs, leading us to increase some of our prices. We apologize for this inconvenience and we appreciate your understanding and support. Thank you for being loyal customers.

To limit the file size of this catalog, there may not be pictures for all products. Pictures can be found on our website.

I also have a Facebook page for general information:
